For centuries **MOVIES** and **MUSIC** have been inspiring us, giving us hope, providing an emotional connection, and most importantly...**BRING US ALL TOGETHER!**

These industries are **RESILIENT**. However, history has taught us that the bad things can happen, and that entire industries must **PIVOT**...or they fade away.

MOVIE INDUSTRY

**hulu** **NETFLIX**

**amazon prime**

**Disney+**

**HBO**  
**max**

MUSIC INDUSTRY

 **iTunes**

 **Spotify®**

  
**SOUNDCLOUD**

  
**pandora®**

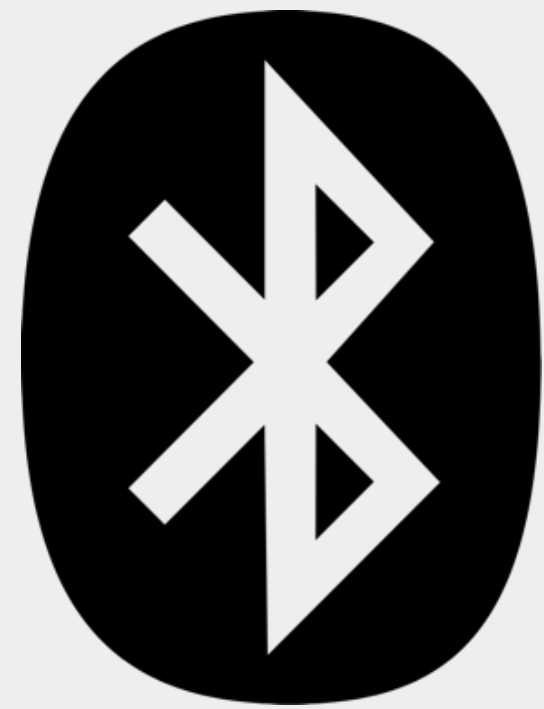

What do both industries have in common? They both use **TV'S** and **AUDIO SYSYTEMS!**

## Bluetooth

Bluetooth audio has speaker count limits

## Internet

Internet based speakers require a network

# SONOS

## Wi-Fi

Wi-Fi audio has RF interference

One thing that **ALL TV'S** and **AUDIO SYSTEMS** have in common is that they plug into **POWER**.

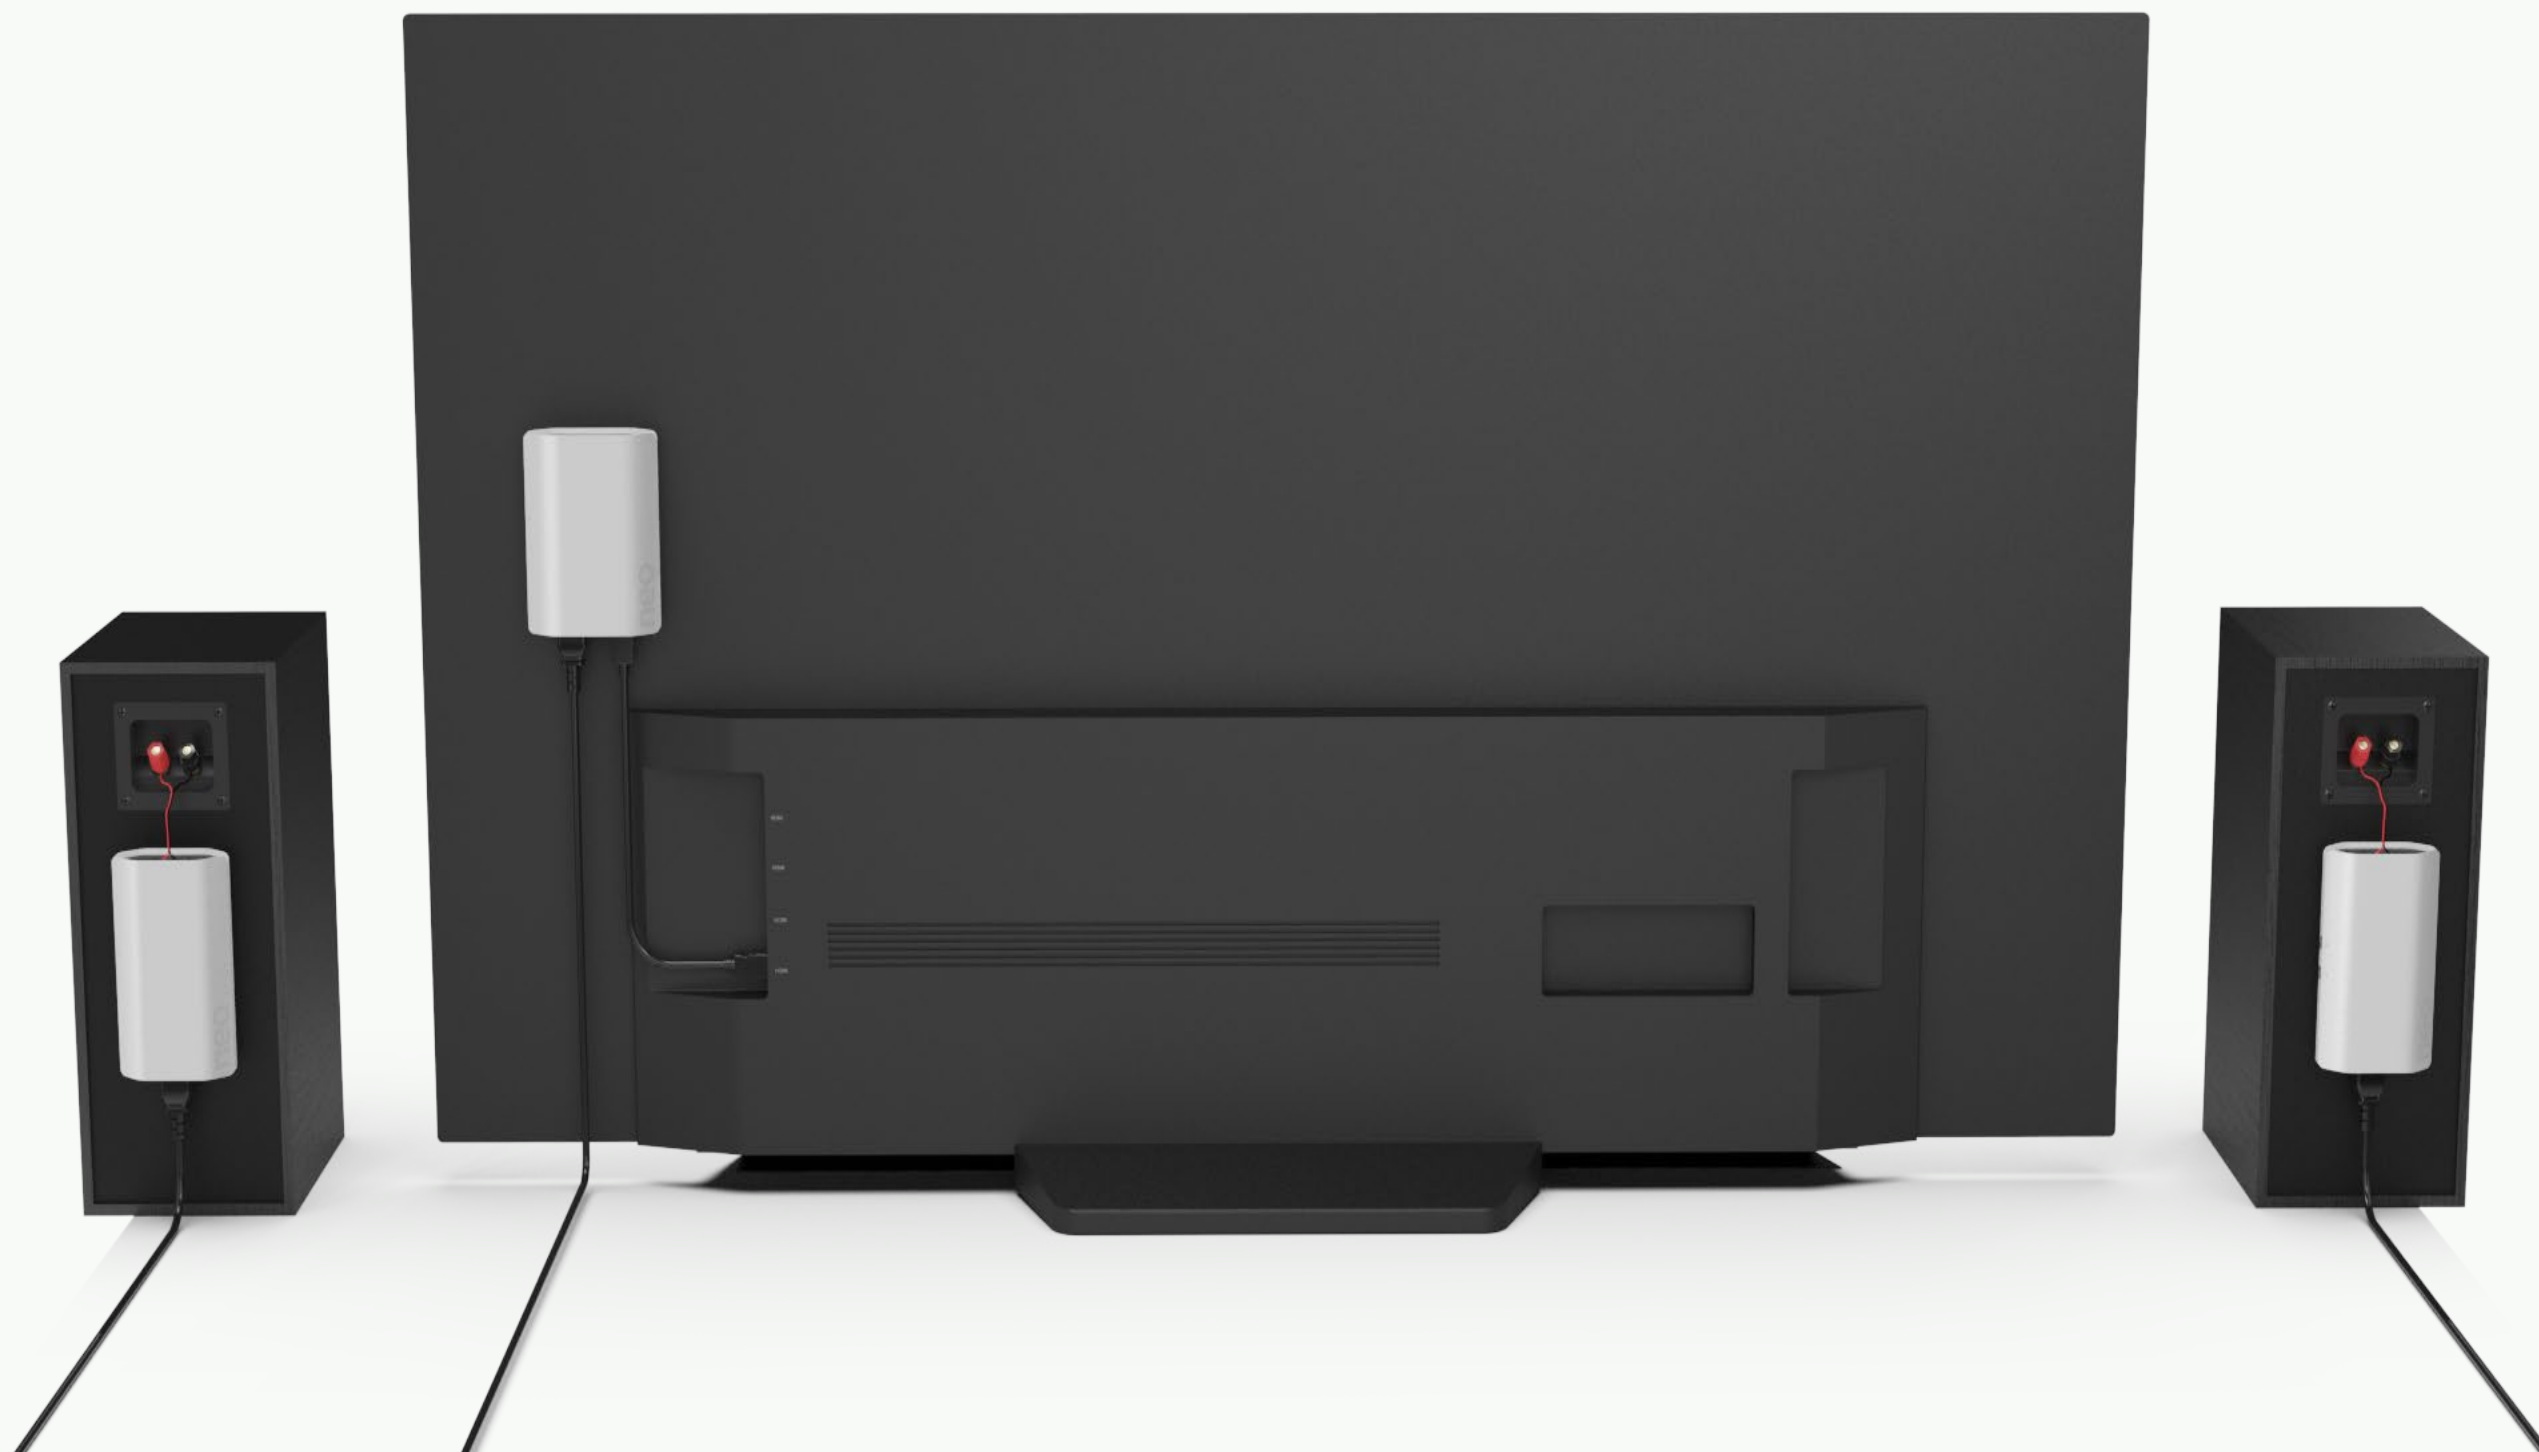

Introducing  
**neo**

## NEO audio solution

- | G.hn technology (audio over power)
- | ECC packet send ahead technology
- | Synchronizing asynchronous data technology

## **NEO** solves problems

NEO's unique solution solves the following home audio system complications:

- | RF interruption
- | Physical structure interference
- | Lengthy installations
- | Costly speaker wire
- | Data packet drop/loss
- | Channel count bandwidth

## NEO changes the audio game

NEO is a patent protected, neuro-electro optimized network that allows us to leverage:

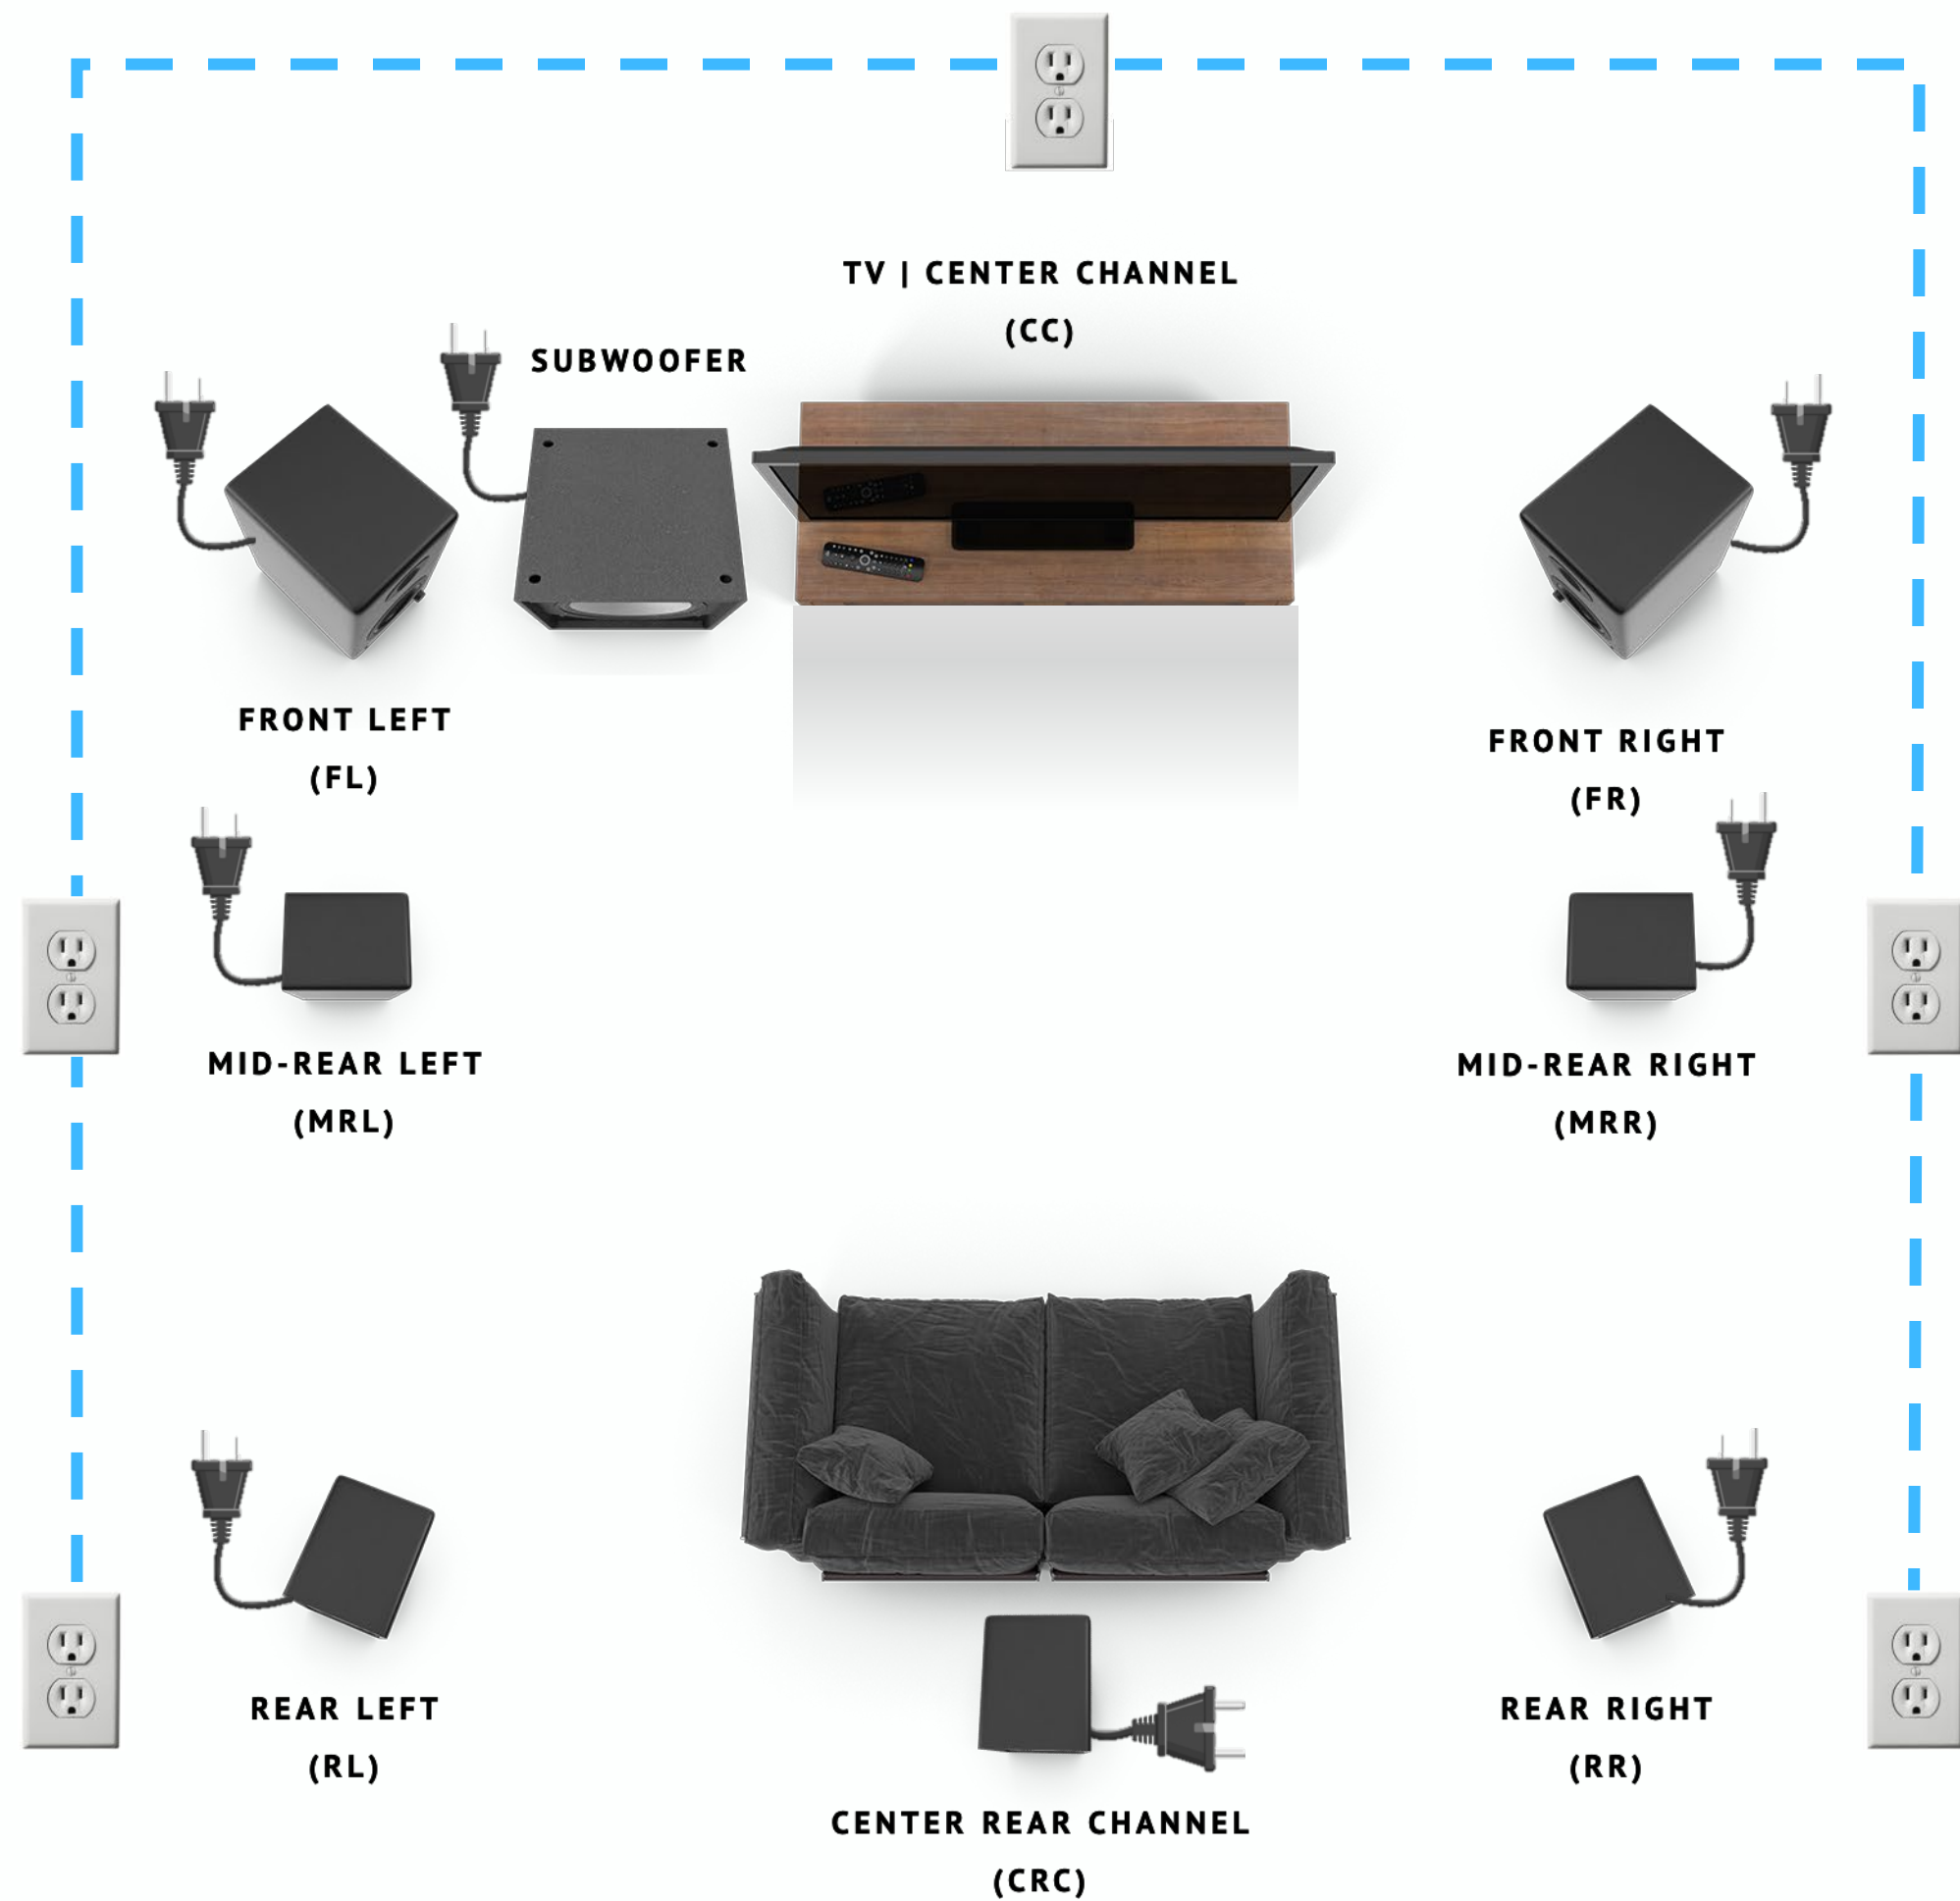

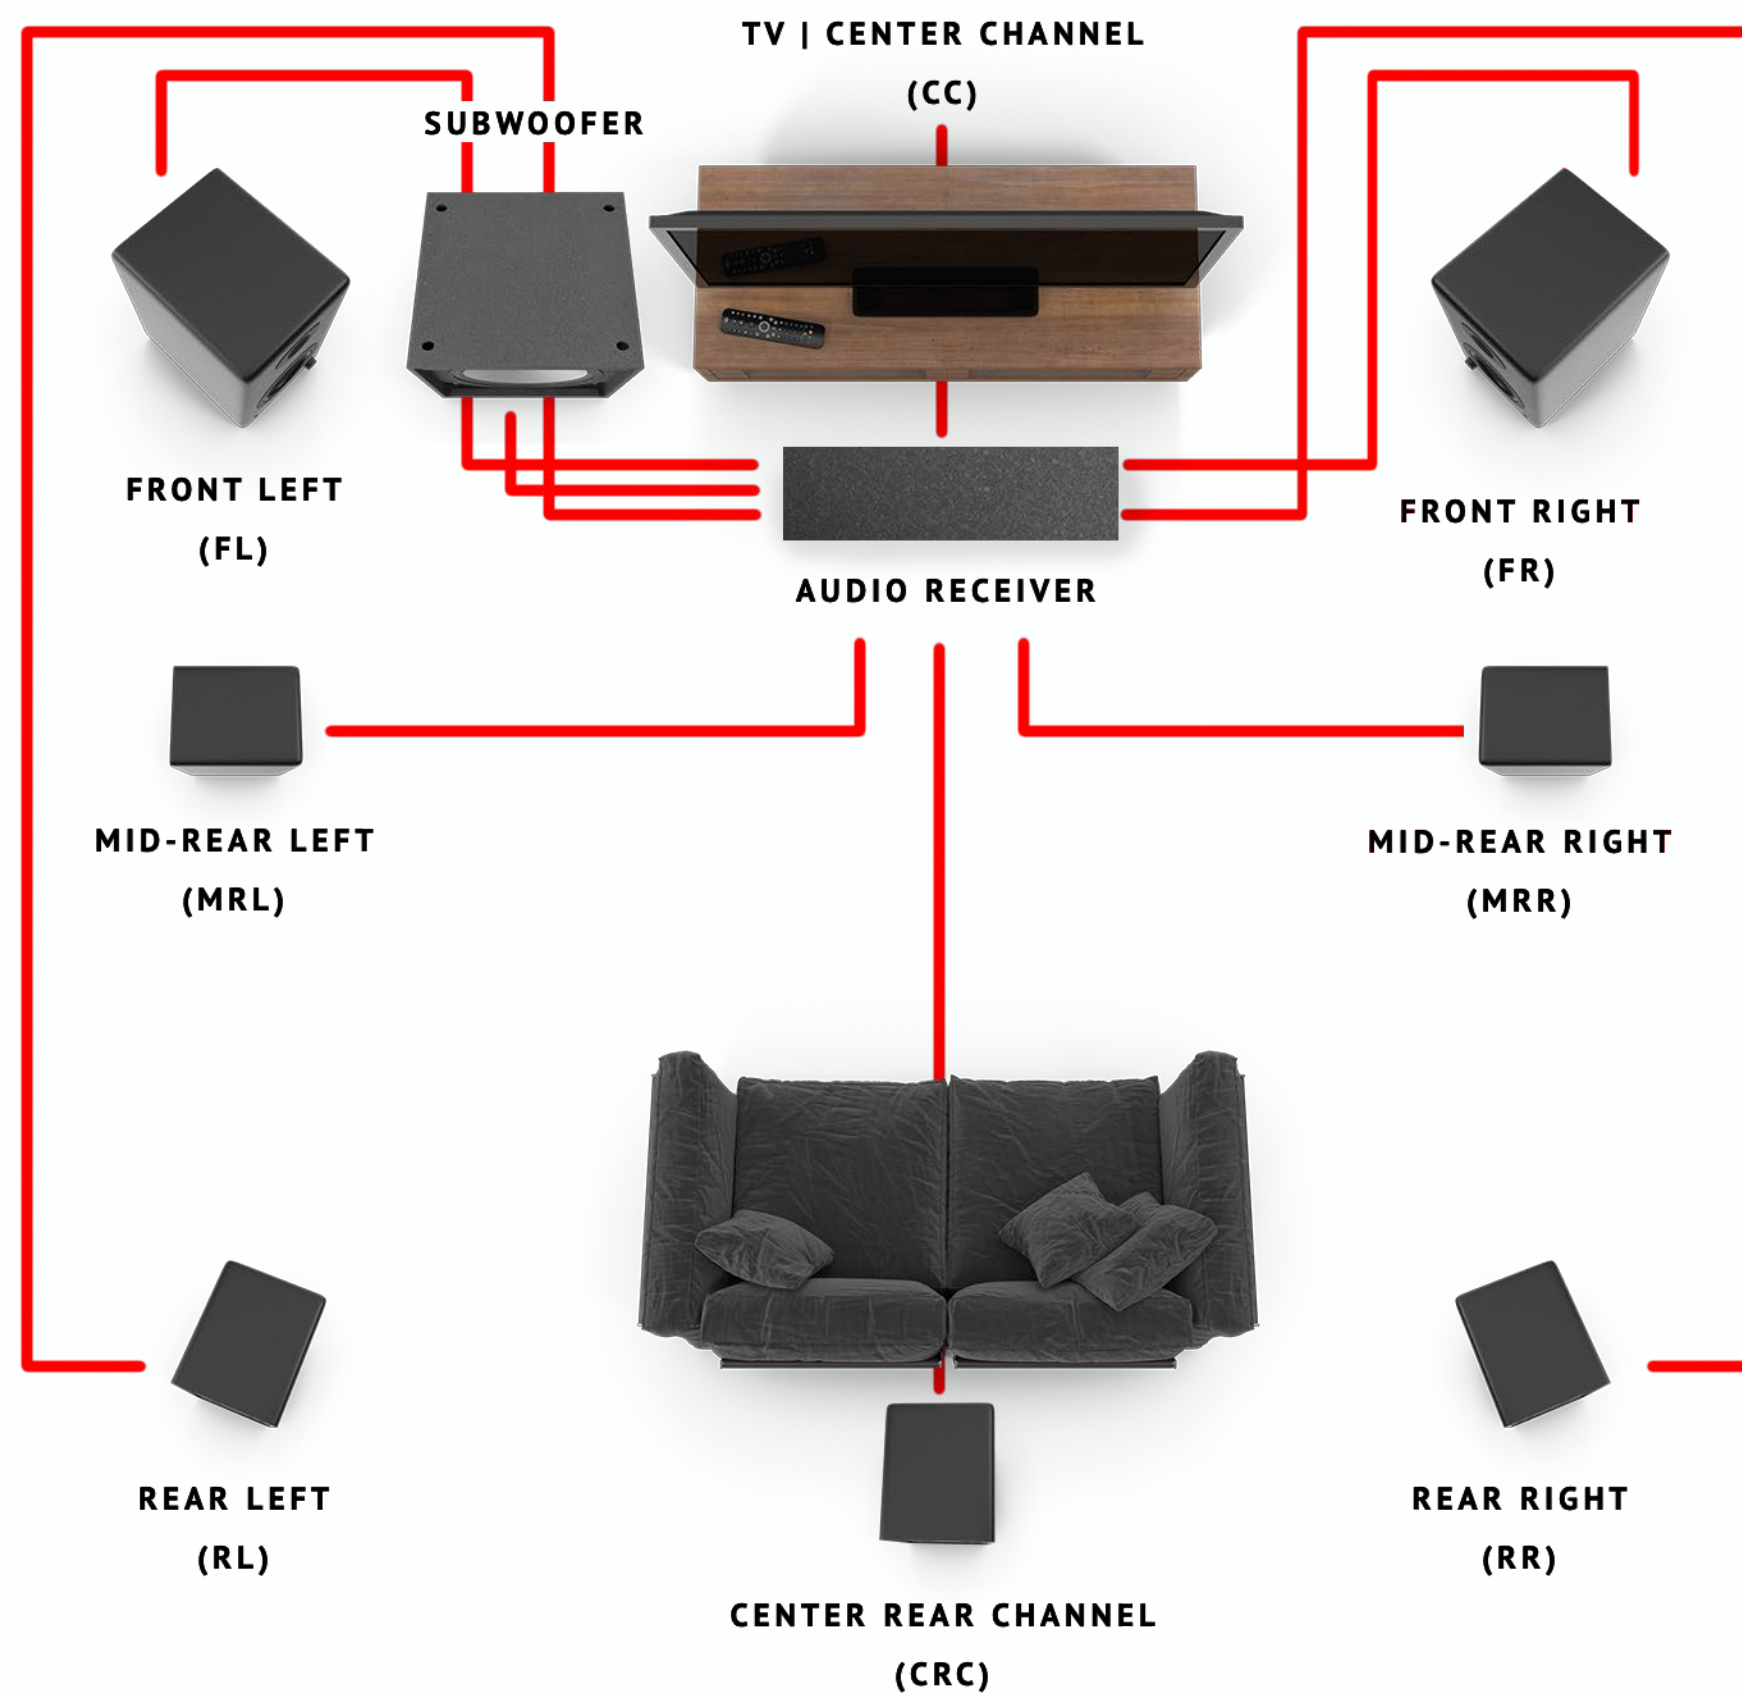

- | Ultra-low latency less than 20ms
- | Not susceptible to Wi-Fi congestion
- | Provides high-speed Gbit bandwidth
- | Speaker distance over 1000 ft.
- | Jitter less than 0.1ms
- | Works over multiple electrical phases
- | Compatible with 120V, 50Hz, & 60Hz
- | Up to 32 channels (10 channels per system)

# NEO HOME THEATER WIRING REDUCTION

BEFORE

**neo**  
AUDIO  
SOLUTION

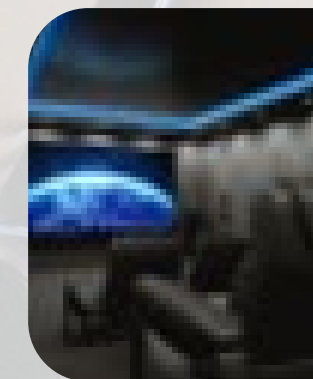

# NEO AUDIO CHANNEL COUNT

**Family Room - 7.2 System**

**Bedroom- 5.1 System**

**Theater Room - 9.1 System**

**Game Room - 6.1 System**

---

**Total - 32 Channels**

# NEO AUDIO SOLUTION APP

Multiple unique **NEO** audio systems can simultaneously operate within one residence. The mobile app makes it simple and easy to setup and manage any new or existing home audio systems. Control each speaker or multiple systems individually or utilize the variety of DSP presets and modes.

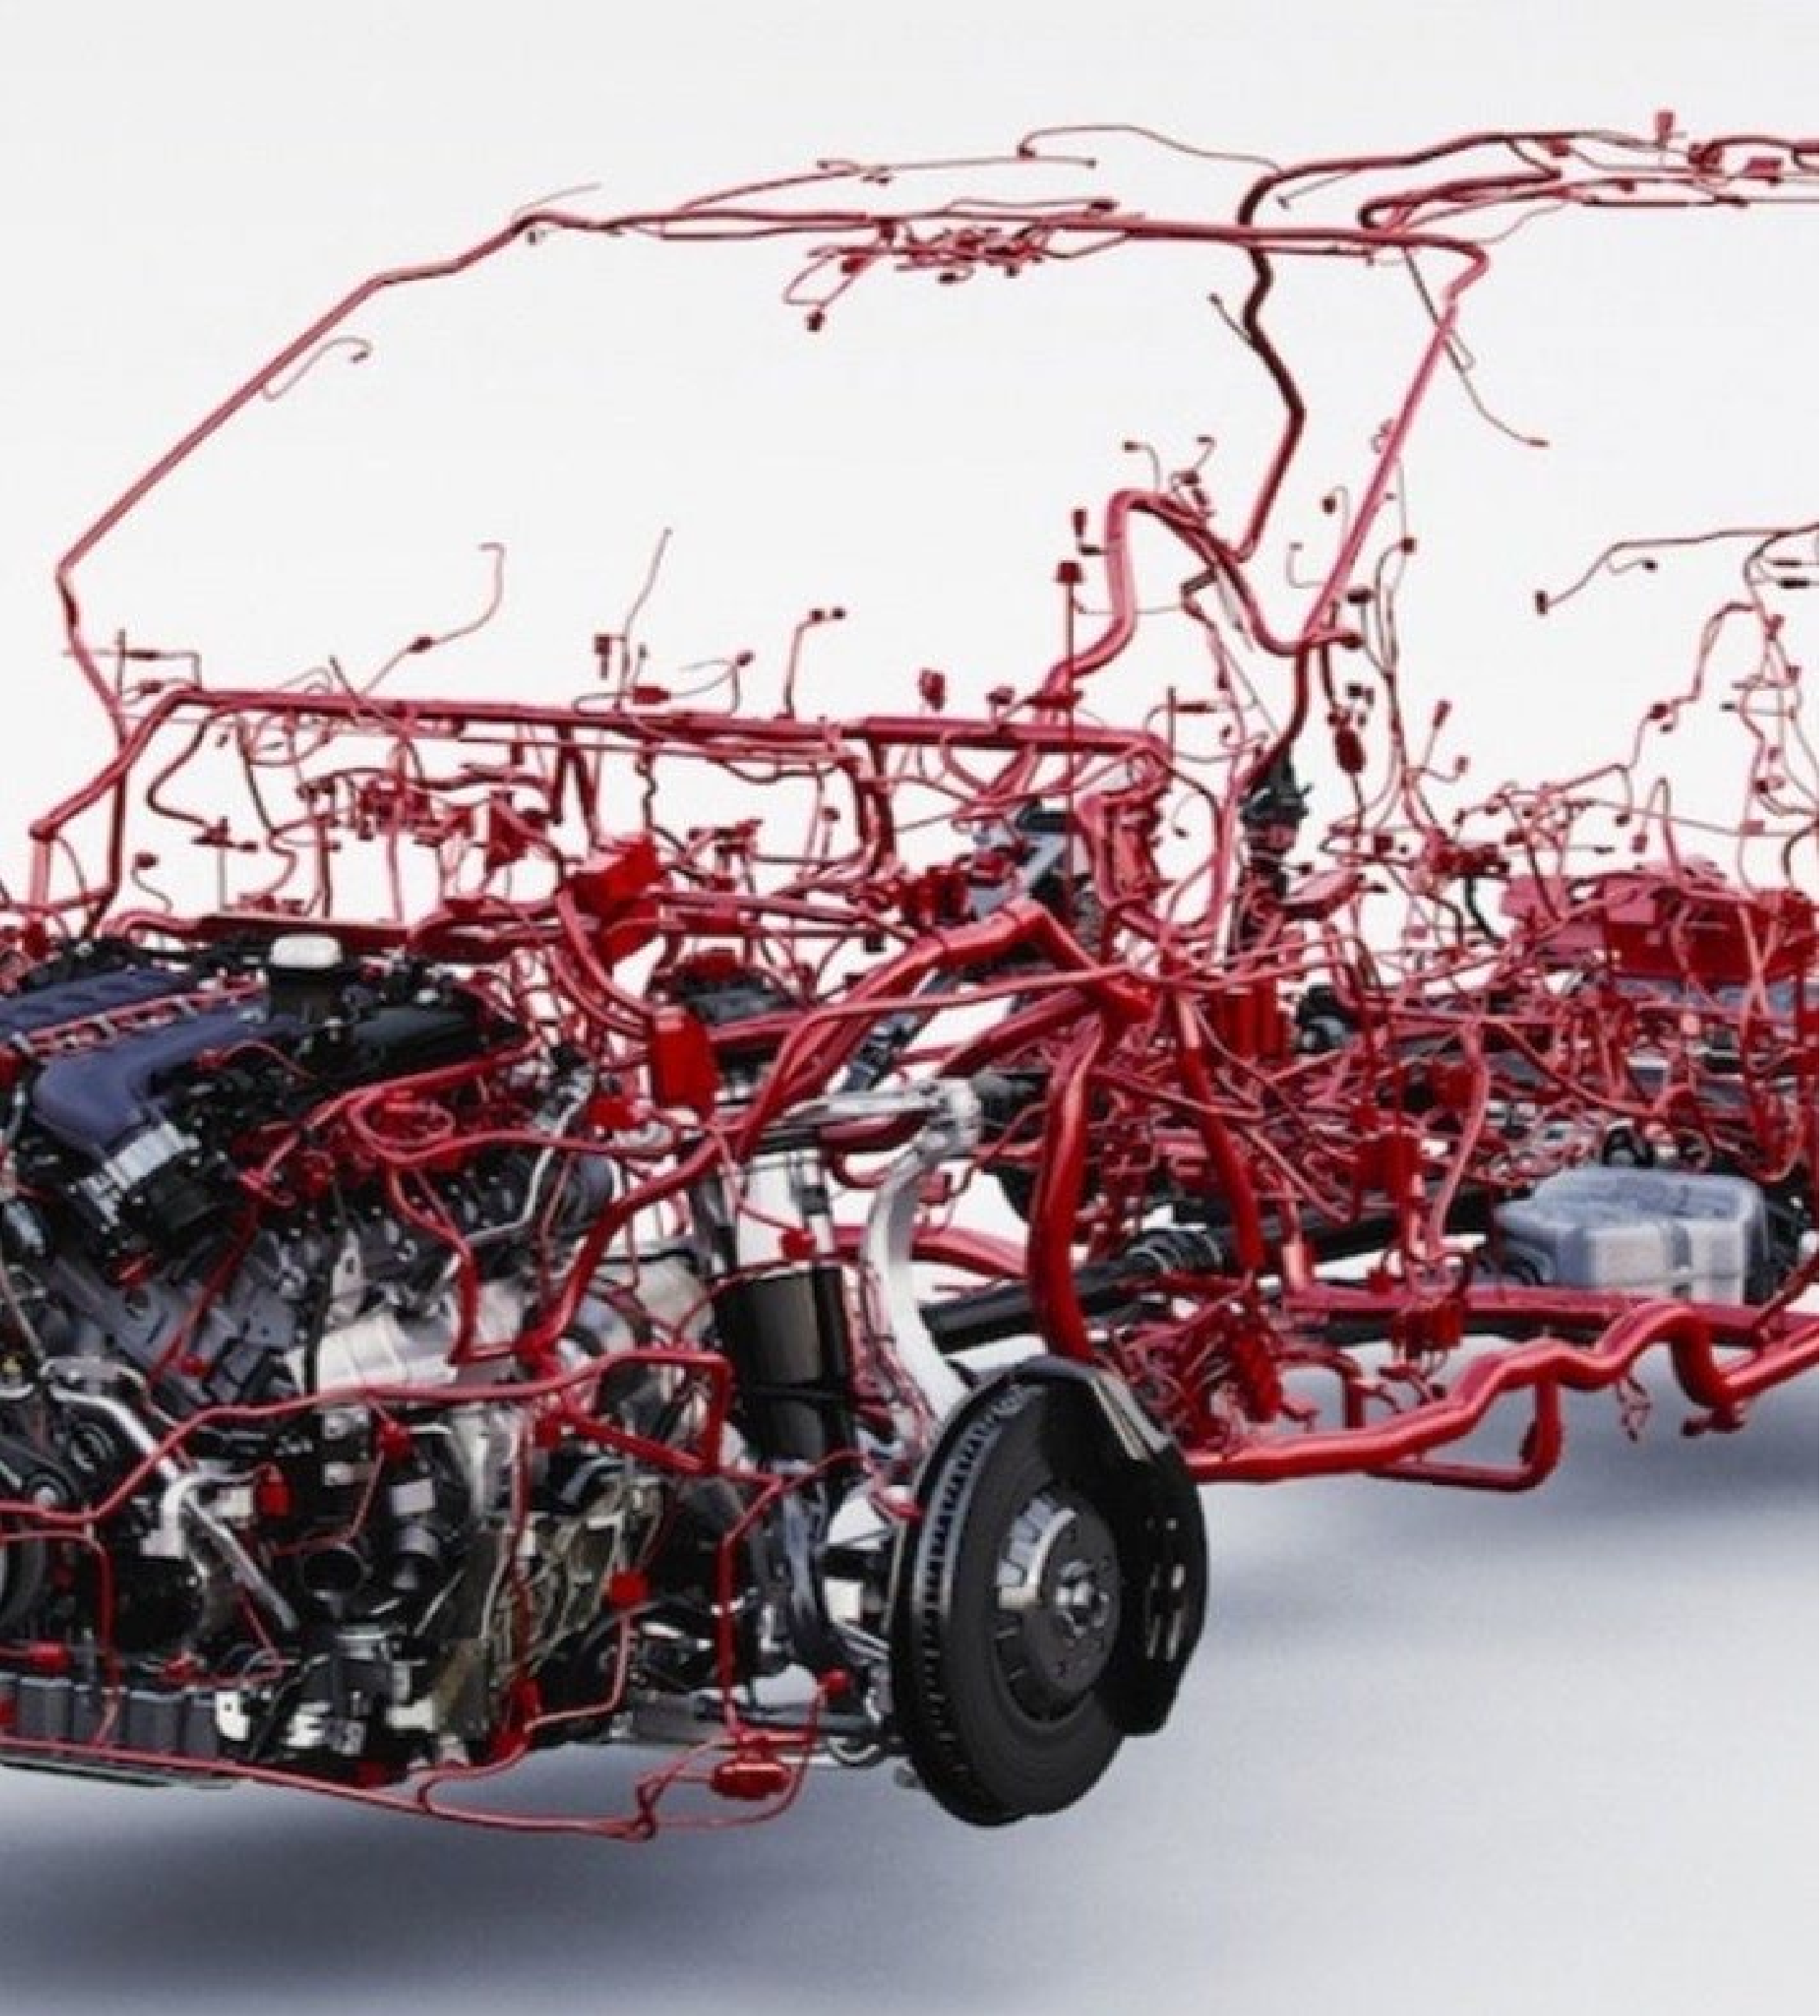

**NEO** changes the automobile industry

The automobile stereo has evolved over the decades, but the method of **MOVING DATA** has not. It is still a head unit, an amplifier, and **A LOT** of hand installed **SPEAKER WIRE**.

## NEO auto solves problems

NEO's unique audio solution saves bill of materials (BOM) costs:

- | Less wires
- | Less connectors
- | Less loom material
- | Less installation time
- | Saves engineering costs
- | Easier repairs, warranties, & upgrades
- | All models can utilize same wire layouts
- | Saves on transportation of raw and finish materials

# NEO AUTO WIRING REDUCTION

9  
Speakers

neo

AUDIO  
SOLUTION

Reduces over 80%  
of wire, connectors,  
and loom material  
needed for auto  
speaker installation.

# AUTO MANUFACTURERS WILL SAVE MONEY

**\$33**

Cost of a Toyota Camry speaker-wire harness components.

Length  
**28ft**

Weight  
**.82 lbs**

**\$11M**

Annual costs for Toyota for this Camry harness.

# of cars  
**336K**

Weight  
**276K lbs**

**\$346M**

Annual cost of harness components across all Toyota vehicles.

# of cars  
**10.5M**

Weight  
**8.7M lbs**

**\$661M**

**\$63M**

Annual savings Toyota would have by adopting NEO ASICs (5 per car @ \$27) and removing speaker wire harness components.

Savings per unit  
**\$6**

**\$598M**

Annual labor savings Toyota would have by adopting NEO ASICs (1hr of savings in manufacturing labor of 1 harness per vehicle manufactured).

Savings per unit  
**\$57**

# NEO CARBON FOOTPRINT REDUCTION

**NEO** eliminates the requirement for speaker wire within any home or auto audio system causing an amazing positive environmental impact.

- Greatly reduces copper needs
- Reduces manufacturing pollution
- Reduces 588 million pounds of material waste annually
- Reduces logistics & labor related pollution
- Eliminate 86% of all wiring materials

# 2022 Worldwide Audio Sales Statistics

## TV's

Over 200M Sold

## New Auto Speakers

Over 500M Sold

## Home Audio Speakers

Over 550M Sold

# neo

## Smart Speakers

Over 115M Sold

# THE COMPANY

Fasetto, Inc. creates technology IP solutions for an increasingly connected world. We believe in seamless connectivity between people, their content and the devices they use regardless of platform, device or network.

- Founded in 2013
- Based in Scottsdale, AZ, with an office in Tustin, CA
- 31 full-time employees including contractors
- Broad portfolio of intellectual property

# WE HAVE THE PATENTS

A portfolio of **over 150** issued patents and pending patent applications worldwide.

## RECEIVED PATENTS

- API System and Method
- Paperless Application
- System and Method for Displaying Multiple Applications
- ARCH Transport Layer
- System and Method for Multi-Angled Videos
- System and Method for Cubic Graphical User Interfaces
- Systems and Methods for Message Editing
- Portable Electronic Device Connection Systems
- Systems and Methods for Data Storage in Keyed Devices
- Device Presentation with Real time Feedback
- Systems and Methods for Streaming Media
- Systems and Methods for Peer-to-Peer Communication
- Systems and Methods for Portable Storage Devices
- Systems and Methods for Improved Data Encryption
- Systems and Methods for Web API Communication
- Systems and Methods for Memory Card Emulation
- Portable Storage Device with Modular Power and Housing System
- System and Methods for Software Protection
- Wearable Storage Device

Countries covered include: United States, South Korea, Australia, Canada, European Union, Hong Kong, Taiwan, Japan, Mexico, China, Brazil, India, and Sweden.
